RE: Blackwell Forest Preserve Superfund Site  
Dupage County, IL

Dear Mr. Mack:

This letter requests written confirmation from your office, or other representative of the County of Dupage, stating that county permits, including building and storm water runoff permits, will not be required by the County for work performed by the U.S. Environmental Protection Agency ("U.S. EPA"), or by Potentially Responsible Parties ("PRPs"), including the DuPage County Forest Preserve District, in responding to the release or threat of release of hazardous substances from the above referenced Site.

U.S. EPA requests this confirmation so that it may determine the extent to which PRPs are in compliance with the Administrative Order by Consent, Docket No 96-C-341, dated March 7, 1996, regarding the above referenced Site, and to otherwise ensure that work to be performed under the AOC is completed in a timely manner.

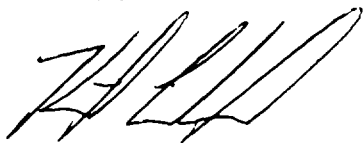

Please forward the requested confirmation letter to:

Kurt N Lindland  
Assistant Regional Counsel  
U.S. EPA Region 5 (C-29A)
